

# The Daily Courant.

Monday, January 19. 1708.

*London, January 19.*

On Saturday arriv'd from Holland, the Mail of Tuesday last.

From the Antwerp Courant, dated Jan. 24.

*Madrid, Jan. 3.*

**T**HE Preparations for an early Campaign are continued with all Diligence. Some new Taxes are talk'd of; but 'tis also said, that several Grandees having advis'd the Court not to load the People with new Burthens, the King will have Recourse to the Clergy for Supplies of Money. 'Tis reported, that the Chamber of Contratacion of Seville have written Letters to the King, concerning the Commerce which the French pretend to carry on in the West-Indies equally with the Spaniards; and that this Affair occasions great Perplexity and Debate at Court.

*Lerida, Jan. 5.* On New-Year's-Day a Difference happen'd between the Spanish and French Officers of this Garrison, about the Command of the Guard; but it was made up peaceably by the Marquis de Louvigny our Governour. The Enemy have above 6000 Men at Work on the Fortifications of Tortosa, so that the Besieging of the Place will be a difficult and hazardous Enterprize.

From the Amst. and Leid. Gaz. dated Jan. 24.

*Vienna, Jan. 11.* The Circular Letters are gone out for summoning a general Diet of the States of Hungary, Malecontents as well as others, to meet at Presbourg the 29th of this Month. The Emperour will be present at the opening of the Diet, and Prince Adam of Lichtenstein and the Chancellor of the Court, are afterwards to represent his Majesty. In the mean Time the chief Leaders of the Malecontents use their utmost Endeavours to hinder the intended Diet from having any Effect, and to prevent the Counties that are under their Power from sending Deputies to it: To this End, C. Berezeni has posted himself with several thousand Men near Newheusel. Count Palfi, Ban of Croatia, is gone from hence to take on him the Command of the Imperial Army in Hungary.

From the Amsterdam Gazette, dated Jan. 24.

The Letters from Switzerland of the 15th of January, say the Deputies of the several Cantons were gone to the general Diet, which was to be open'd that Day at Badan. The Canton of Berne had deputed 2 of their Banderets to accompany Major General Tscharnier who was march'd with their 4000 Men into the Principality of Neufchatel; and that general Officer is to undertake nothing without the Advice and Approbation of those Deputies. The Grisons have order'd 3000 Men to hold themselves ready to march, to assist the said 4000 Men in Case the French attack Neufchatel; and the Canton of Glaris have likewise resolv'd to send in Men, if Occasion require. 'Tis believ'd that all this will deter the Marshal de Villars from attacking Neufchatel, and that he will rather lay Siege to Fribourg: And what confirms many in this Opinion,

is the Advice they have in Switzerland from France, that the King has resolv'd not to disturb those of Neufchatel, notwithstanding the contrary Sentiments of several of his Ministers.

From the Amsterdam Courant, dated Jan. 24.

*Nuremberg, Jan. 17.* Some Letters from Switzerland tell us, that the Marshal de Villars with a strong Body of Troops and some Cannon, was advanc'd within 3 Miles of the Principality of Neufchatel.

*Francfort, Jan. 19.* Within a few Days several Expresses pass'd through this Place for Hanover, to inform the Elector of that Name of the great Preparations and Motions made by the French in Alsace. In the mean time General Thungen, is putting all into good Order, has commanded the German Forces to be ready to move upon the first Notice, and has already reinforc'd the Posts that are most expos'd.

*Hildesheim, Jan. 20.* We have Advice from Poland by the Way of Berlin, that the King of Sweden had caus'd Part of his Army to pass the Vistula near Thorn; that King Stanislaus had pass'd that River 3 Miles below Thorn; and that his Swedish Majesty himself was about to do the like at Uraclauk, with Design to follow the Muscovites into their own Country.

From the Antwerp Courant, dated Jan. 24.

*Paris, Jan. 20.* Two Couriers arriv'd this Week from Madrid, being sent by our Ambassador with K. Philip on no other Errand than to inform our King of the Complaints made by the Councils and Merchants of Spain of the great Traffick the French drive in America: But they write from Marli, that tho' his Majesty is desirous to gratify the Spaniards in every thing, yet in this Affair he will not permit them to prescribe Laws to him. Yesterday the Duke of Alva Ambassador of Spain had a private Audience of the King, and afterwards a long Conference with M. Chamillard. The Elector of Bavaria is expected suddenly at Court, where 'tis said he is to be *intognito*, to avoid all Disputes about the Ceremonial. The raising of Recruits is diligently forwarded throughout the Kingdom; but 'tis not known for certain yet, whether the Levy of 35 new Regiments (which is much talk'd of) will be set on Foot. Yesterday an Express arriv'd at Court, dispatch'd the 15th by the Marshal de Villars from Hunninghen; but his Message is not known: He reports that 15000 Men of our Forces were in Motion about Hunninghen.

From the Amsterdam Gazette, dated Jan. 24.

*Brussels, Jan. 19.* The States of this Province Assembled Yesterday, agreed upon a Subsidy of 500000 Florins to be sent to King Charles III in Catalonia, and resolv'd to raise that Sum by an Augmentation of the Imposts on Tobacco, Tea, Coffee &c. 'Tis advis'd from the French Flanders, that the new Levies which the King designs to make besides Recruits, will amount to 30 Battallions and some Regiments of Horse: And that those new Levies are to be Garrison'd in the Frontier Places, that the old Regiments now in them may march out to serve in the Field.

*Hague,*

**Hague, Jan. 24.** 'They write from Paris, that they were in Expectation of great News from the Marshal de Villars, who 'twas own'd by the Court is gone to execute a Design concerted by the Council of War in the King's Presence. And that most Men are of Opinion the Enterprize form'd is against Neufchâtel; for two Reasons: One is, that the King rests assur'd in the Friendship of the Catholick Cantons, and that they will not suffer the Protestant Cantons to take their own Way. The other is, that his Majesty judges it absolutely necessary to have Neufchâtel in his Possession, because Burgundy is wholly defenceless, as being unprovided of fortified Places, on that Side. Upon the Canton of Bern's causing 4000 Men under Major General Tscharnier to march with Artillery to the Assistance of those of Neufchâtel, and ordering the rest of their Militia to hold themselves ready to follow, the Roman Catholick Cantons of Friburg and Solothurn have commanded their Subjects to arm likewise.
